

Acquisto di un'ambulanza di pronto soccorso

➤ DESCRIZIONE DEL PROGETTO

Il pronto soccorso del Santuario dispone di un'ambulanza che ha più di 10 anni e mostra i segni dell'età. Tutto il personale medico del pronto soccorso utilizza l'ambulanza per fornire assistenza di emergenza in tutto il Santuario al fine di arrivare rapidamente sul luogo dell'incidente e trasferire le vittime al pronto soccorso. Il mezzo esegue mediamente 450 interventi all'anno. L'ambulanza è presente anche a tutte le messe internazionali oltre che per i grandi eventi, in caso di emergenza.

➤ FINALITA DEL PROGETTO

Migliorare gli interventi di assistenza urgente e la velocità di risposta in tutto il santuario.

Fornire una presenza rassicurante alle messe internazionali e a tutti i grandi eventi in caso di emergenza sanitaria.

➤ BILANCIO TOTALE € 21 000

➤ CALENDARIO

Tempi di consegna: 7 mesi.

Per tutti gli studi e i lavori da realizzare, il Santuario Nostra Signora di Lourdes si impegna a esaminare 3 preventivi se possibile (al minimo 2) e a rispettare rigorosamente i budget. Una documentazione di tutte le spese sarà fornita ai donatori.

CARRYALL® 300 AMBULANCE

DELIVERS RELIABLE, AFFORDABLE EMERGENCY RESPONSE When medical emergencies strike, campuses, resorts and other sites must be prepared to respond. That calls for a reliable vehicle like Club Car's new Carryall 300 Ambulance.

This reasonably priced vehicle comes with a bundle of accessories based on buying patterns of customers who bought vehicles for emergency response applications.

A FULLY EQUIPPED, COST-EFFECTIVE SOLUTION

The Carryall 300 Ambulance seats a driver and a medical attendant. It provides everything you'll need to quickly evacuate patients from your site, including:

- A** Custom ambulance deck weldment with:
 - 1** Medical attendant seat
 - 2** Locking storage box for medical equipment
 - 3** Fold-down rails for patient area
 - 4** Hand-carry stretcher
- B** Star of Life decal
- C** Halogen headlights
- D** Tail lights, brake lights and horn
- E** Locking glove box to store valuables
- F** Differential guard

- G** Reflector package
- H** USB ports to charge electronics
- I** Rear fender guard

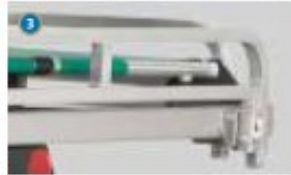

For Electric Vehicles:

- J** Heavy-duty battery system
- K** Single-point watering system for easy battery maintenance

For other configurations, ask your local Authorized Club Car Dealer about our custom Solutions Department.

RELIABLE, POWERFUL AND DURABLE The vehicle is made by Club Car, the world's largest manufacturer of small, four-wheel electric vehicles. It is built on the proven Carryall 300 work utility vehicle platform.

The gasoline model is powered by a 14-hp-rated, single-cylinder

Carryall 300 Ambulance shown with optional accessories including light bar, canopy, fold-down windshield and wheel covers.

overhead cam engine with electronic fuel injection that delivers excellent fuel economy and better hill-climbing ability than any vehicle in its class.

The electric model is powered by a 48-volt system and 250-amp DC motor controller with controlled downhill ability, zero-speed detect to prevent roll away, regenerative braking, hand-held speed programmability and diagnostic capabilities.

Purpose-built for work from the ground up, the ambulance is centered on a rust-proof corrosion-resistant aluminum frame for added durability and longer life.

It comes standard with a white body and white seats. Optional colors are available, but may increase lead time.

BE PREPARED WHEN EMERGENCIES STRIKE ON THESE SITES

- Resorts, hotels and multi-family housing communities
